

# nordic DENFOIL TAPES®

## Non slip self adhesive tape

Product description	Safety-Grip™ has a thick carrier impregnated with diamond hard aluminium oxide granules. The material survives down to temperatures as low as -30 °C.
Product use	Safety-Grip™ is an ideal product for stairs, floors and anywhere you want an effective safety material to prevent slip accidents. Available in a wide range of colours, shapes and widths.

### Technical data

Back carrier	PVC	
Adhesive	Solvent Acrylic	
Mineral type	Aluminium Oxide	
Adhesion to steel	1,5 N / 25,4 mm	(PSTC-4)
Tensile Strength	6,0 N / 25,4 mm	(PSTC-31)
Tear resistance	5600 g +/- 200 g	(PSTC-39)
Elongation at break	25 %	(PSTC-31)
Temperature range	-30 °C til +70 °C	
Friction data	Dry surface: 102 TRL    Wet surface: 71 TRL	
Glow in the dark	30 mcd per m <sup>2</sup> at 2 minutes, 5 mcd after 10 minutes
